

## Presidents' Resources Information Sheet

### The Sisterhood Presidents' Listserv

The WRJ listserv is the most efficient and cost effective method of communication between WRJ and local sisterhoods. It is also a wonderful resource for you to share information, thoughts, ideas, successes and questions with your “Cyber-Sisters”. In order to ensure that you receive up-to-date, timely information, it is essential that WRJ has current e-mail contact information for each sisterhood president, co-president and listserv liaison. Keeping WRJ informed of changes to that information is critical.

Every year WRJ requests that each local president submit a form listing names, mailing addresses, and e-mail addresses of the officers who will serve for the next period of activities. A committee form listing similar information for committee chairs should also be sent to WRJ when you have completed all assignments.

To download a Word file that will allow you to fill in this information, please click [here](#). You will then be contacted by Patricia Cwiekalo with instructions on how to most effectively use the listservs. In the meantime, if you have any questions, feel free to contact Pat at [pcwiekal@urj.org](mailto:pcwiekal@urj.org).

### The WRJ Website

The WRJ website ([www.WomenofReformJudaism](http://www.WomenofReformJudaism)) is a wonderful way to keep informed about current WRJ activities as well as to access resource materials and order products and publications. As a sisterhood president, you have access to the leadership resources section. This section, accessible only by logging into the site, contains a diverse range of information: from downloadable WRJ logos to a host of scripts and services for use in your events. Here you will find a copy of the WRJ Constitution, how-to guides for advocacy programs, downloadable copies of the Sisterhood Presidents' Guide and other materials as well as the YES Fund Powerpoint presentation and other fundraising tools.

Once we have your contact information you will be contacted by the WRJ office with instructions on how to log into the site and access all of these important materials.

In addition, if you need a better understanding of WRJ's history, programs, and a sense of how your sisterhood is contributing to ensuring the future of Reform Judaism around the world, the website will provide you with information. Click onto [www.WomenofReformJudaism.org](http://www.WomenofReformJudaism.org) and add it to your favorites to get—and stay—connected to WRJ.
